

Big Community Clean-Up in Beaubassin-est

Thanks to the nearly 500 volunteers who participated in the 7th Beaubassin-est Community Cleanup Day on Saturday, May 25th, 2019 and the cleaning day at Père-Edgar-T.-LeBlanc School on Friday, May 24th. The volunteer groups managed to clean up many places in the community.

On May 24th, all students and staff members of the school collected garbage along the roads and around the school. At the end of the cleanup, Beaubassin-est staff and Council members delivered pizza for the 370 participants and made the draw of a Fitbit Alta HR activity and heart rate monitor. Brooklyn Gouchie, a Grade 3 student, was the lucky winner.

On May 25th, more than 110 people cleaned up in every area of the rural community, such as Botsford, Saint-André-LeBlanc, Cormier-Village, Haute-Aboujagane, Grand-Barachois and Boudreau-Ouest. The many volunteers also had pizza for lunch and we made a draw of two Fitbit Alta HR activity and heart rate monitors, and the winners are Alex Leger and Lorraine Cook.

Thanks to these many volunteers, the 7th Beaubassin-est Community Cleanup Day was a great success; a big thank you to all the participants!
